

Additional Notice to Residents of

Maine

Disclosure

We will not disclose your health care information for fundraising purposes or to coroners or funeral directors, without your authorization.

Communicable Disease

We will only disclose patient identifiable communicable disease information to Department of Human Services for adult or child protection purposes or to other public health officials, agents or agencies or to officials of a school where a child is enrolled, for public health purposes. In a public health emergency, as declared by the state health officer, we may also release your information to private health care providers and agencies for the purpose of preventing further disease transmission
